VOLUME CX.-NO. 116

ALEXANDRIA, VA. SATURDAY EVENING, MAY 22, 1909.

PRICE 2 CENTS

A Lazy Liver

May be only a tired liver, or a starved liver. It would be a stupid as well as a savage thing to beat a weary or starved man because he lagged in his work. So in treating the lagging, torpid liver it is a great mistake to lash it with strong drastic drugs. A torpid liver is but an indication of an ill-nourished, enfeebled body whose organs are weary with overwork. Start with the stomach and allied organs of digestion and nutrition. Put them in working order and see how quickly your liver will become active. Dr. Pierce's Golden Medical Discovery has made many marvelous cures of "liver trouble" by its wonderful control of the organs of digestion and nutrition. It restores the normal activity of the stomach, increases the secretions of the blood-making glands, cleanses the system from poisonous accumulations, and so relieves the liver of the burdens imposed upon it by the defection of other organs.

If you have bitter or bad taste in the morning, poor or variable appetite, coated tongue, foul breath, constipated or irregular bowels, feel weak, easily tired, dependent, frequent headaches, pain or distress in "small of back," gnawing or distressed feeling in stomach, perhaps nausea, or "sour" risings in throat after eating, and all these symptoms of weak stomach and torpid liver, no medicine will relieve you more promptly or cure you more permanently than Dr. Pierce's Golden Medical Discovery. Perhaps only a part of the above symptoms will be present at one time and yet point to torpid liver or biliousness and weak stomach. Avoid all hot bread and biscuits, griddle cakes and other indigestible food and take the "Golden Medical Discovery" regularly and stick to its use until you are vigorous and strong.

Don't accept a substitute of unknown composition for this non-secret medicine of known composition.

[Entered at the Postoffice of Alexandria, Vir. under No. 100 as second-class matter.]

MISSIONARIES IN TROUBLE.

Keen interest is felt here in the fate of Dr. William Morrison and William Sheppard, American missionaries, whose trials opened in Leopoldville, Congo Free State, this week, on charges preferred by the rubber trust. The two are accused of slandering officials connected with the Belgian government. Special prayers were offered in the Virginia Presbyterian Church this week in behalf of the prisoners.

Dr. Morrison, who is white, comes from Lexington; Sheppard, who is colored, is from Waynesboro. He was educated at Tuskegee. Fifteen years ago he was sent out with Dr. Lapsley, of Alabama, as the two first missionaries of the Southern Foreign Mission Board. They journeyed inland a thousand miles, traveling all the way on foot, though knowing nothing of the people or their language, they made many converts by means of object lessons.

Dr. Lapsley died three months after arrival in Africa, and during the three years following Sheppard conducted the work alone. On his way home for his first visit Dr. Sheppard was dined at Windsor Castle by Queen Victoria, and was made a member of the Royal Geographical Society. He married Lucy Gantt, of Alabama. His wife is now with him. There are two children who are cared for by Sheppard's sister, Eva J. Anderson, of Staunton.

The alleged slander was committed in England and America, three years ago while the missionaries were on a lecture tour. Dr. Morrison was the particular offender. He told graphically of the torture to which the natives of the Congo were subjected by officials under King Leopold. Dr. Morrison showed many photographs of maimed men, women, and children.

COLLAPSE OF STRIKE.

Following the vote of the builders and masons of Paris, yesterday afternoon, favoring a return to work, the federal committee of the General Federation of Labor decided officially to announce the end of the strike.

The members of the committee agreed that the present movement was hopeless, and in bitter words they attributed the failure to the leaders and the agitators, especially M. Guernard, secretary of the railroad employees, and M. Pataud, secretary of the electricians, who, they declare, had not fulfilled their promises to secure effective collaboration at the psychological moment.

The strikers made several attempts to invade the factories and buildings where the men had refused to quit work. Minor riots and a number of arrests resulted. A number of telegraph poles were thrown down Thursday night and a valve in the air reservoir of the subway under the Seine was smashed. This was discovered and remedied, else the workmen entering the caisson would have been subjected to great danger.

The government publishes statistics showing that of the 9,000,000 workmen in France only 900,000 are unionized, and that less than a third of these belong to unions affiliated with the General Federation of Labor.

With the surrender of the General Federation of Labor the strike of the postmen, which had practically ended, collapsed entirely, and the few men who were still on strike decided to return to their offices and try to secure their old positions.

PRESBYTERIAN ASSEMBLY

No Sunday funerals, no Sunday newspapers, no excursions, no games, no army and navy sports on Sundays, a divorce and remarriage law, which shall be in all States uniform; the Saturday half holiday for workers that they may be ready for the Sabbath; the abolition of recitations in colleges and seminaries on Monday morning, because they necessitate study on Sunday—these are a few of the things the Presbyterian assembly now in session in Denver will stand for if the reports of various committees are adopted. The most noteworthy incidents in the assembly since the election of moderator were the lack of a Bible and the peculiar telegram of greeting from the Cumberland Presbyterians. This telegram referred to a Biblical phrase and the assembly was dismayed to find that the only Bible in the gathering was one vest pocket edition. The staid clerk demurred, but was forced to read the quotation which was, "Did I make a gain of you by any of them which I sent unto you?" Although considered insulting it provoked roars of laughter.

Biliousness and Constipation.

For years I was troubled with biliousness and constipation, which made life miserable for me. My appetite failed me. I lost my usual force and vitality. Pepsin preparation and cathartics only made matters worse. I do not know where I should have been today had I not tried Chamberlain's Stomach and Liver Tablets. The tablets relieve the liver feeling at once, strengthen the digestive functions, purify the stomach, liver and blood, helping the system to do its work naturally.—Mrs. Rosa Potts, Birmingham, Ala. For sale by W. F. Creighton and Richard Gibson.

MOUNT IDA

15 Minutes From Washington, Immediately on Car Line.

Every one says that it is the most beautiful spot between Washington and Alexandria. With the splendid improvements we are now putting in one will have all city conveniences with the pleasure of the country. We are determined to make this a strictly first class residential section, and while we are selling the lots extremely cheap to the first buyers, we have such restriction in the deeds that it can never be anything but high class property. We are glad to say that the best people of Alexandria and Washington seem to appreciate this, by the way they have bought the lots the first few days we have had them on sale. Over 65 lots sold in four days. Many new houses will be built at once.

Come out and see the beautiful property go up on the high hills, and among the stately oaks when you can look over the beautiful city of Washington and the beautiful Potomac flowing below you, and you will be charmed. No such view can be had elsewhere around these parts. Remember until June 1st lots will remain at the low price of \$100 up. Any terms to suit. After June 1st they will be advanced. Ask conductor to put you off at MOUNT IDA. Company's office at station.
